Machinery Movers & Transportation
Complete listing available on our websites

Lares Tecno is located in L’Aquila, Abruzzo region
about 100km North East of Rome. Domestic,
European and International flights are very well
served by Rome Fiumicino-Leonardo da Vinci
International Airport.

Complete terms & conditions are available on the Lares web page and will be posted on-site.
Some items subject to prior sale

Payments
• All Sales will be conducted in Euros
• Deposit required Upon Registration
Acceptable forms of payment:
• Cash, Certified Funds, Wire Transfer.

Online Bidding
Nothing beats the convenience and affordability of an
online auction. Equipment can be previewed and inspected in-person prior to
the sale or a ‘virtual preview’ is posted in advance of the sale through
text descriptions and photographs. Online auctions are managed
completely using the computer and do not require a human auctioneer.
To allow bidders across the globe access to the sale, online sales are
usually ‘open’ for bidding for more than 24 hours. Lots close sequentially
in number order minutes apart, usually during business hours, and will
auto-extend if there are any last-minute bids. Throughout the bidding
process Bidders are provided with clear and concise instructions and are
even emailed after being out-bid. Finally, an autobid feature allows users
to enter their maximum price and ‘forget it’. The system will place bids
automatically, using only as much as is needed to win the item.
All bidders registering and bidding will need to pre-qualify with a
deposit. Contact 203-488-7020 or customservice@thebranfordgroup.com
for requirements to bid.

Travel Directions
• Highway A24
  NorthEast (Portions toll).
• Take the exit toward
  L’AQUILA OVEST
  (Portions toll).
• Turn SLIGHT LEFT
  (Portions toll).
• Turn SLIGHT RIGHT.
• Turn SLIGHT RIGHT
  onto SR17.
• Lares Tecno is
  located within the Industrial Park located on Route 17, about
  1km off the A-24 L’Aquila exit ramp on the right.
* Check in with security guard gate to gain access
